### MESSAGE FROM THE PRESIDENT

Fall has arrived. I look forward to sunny, crisp days. Hopefully Mother Nature will co-operate.

We had a great turnout for our Picnic on September 12. Thank you to Shirly for organizing the event including preparing all the food, and all those who helped set up and clean up. A special thank you to Mitch Daniels who entertained us with songs from the Rat Pack.

Check the social events planned for the future, including the Car Rally and our Christmas Lunch at Herongate Barn.

We still need someone to fill the position of Speaker Co-ordinator (Victoria has speakers in place up to February) and Special Interest Groups Co-ordinator. Think about finding another member to share the position with you. If you would like more information, I can send you the job descriptions ([ajaxprobuspresident@gmail.com](mailto:ajaxprobuspresident@gmail.com)).

We encourage members to bring a guest to any meetings. Anyone attending a meeting is required to show proof of vaccination, but wearing a mask is up to the individual. Our membership has been significantly reduced since the beginning of Covid. All members who have someone join the club between September and December, will have their name entered in a draw.

Stay safe and enjoy the good weather.

*Jane Wilson*

# OCTOBER EVENTS

Wearing your name badges at our events helps us recognize each other and makes photo identification easier!

It was decided at the June 2022 Management Team Meeting that we will continue to require Proof of Vaccination for all indoor in-person activities. Once you show your proof of vaccination at the first in-person meeting you attend, you will not have to show it again. It will be up to each member if they choose to wear a mask or not (except when the majority of an interest group feels more comfortable with masks being worn). A detailed Protocol is on our website at [www.ajaxprobus.com](http://www.ajaxprobus.com).

**HUMOUR AND WELLNESS**  
with Guest Speaker: **Dr. Kenneth Shonk**  
*"There ain't much fun in medicine but there is a lot of medicine in fun!"*

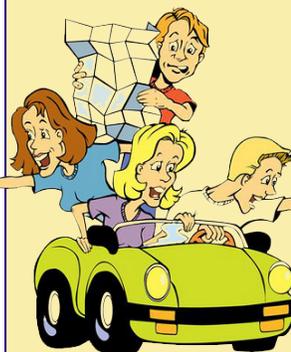

Dr. Kenneth Shonk graduated from the University of Western Ontario in 1970 and had a full-time family practice until his retirement in October, 2007. He received his certificate in Family Practice in 1979 and an Honorary Fellowship in the College of Family Practice in 1993. He has a special interest in pediatrics and palliative care. He attended seven international conferences on "Laughter and Play" between 1986 and 2008. He has completed over 900 speaking engagements in the last 15 years, including everything from talks to small groups to half-day seminars for up to 2,000 people.

Concentrating on the history, physiology, biochemistry, classification, evolution, concepts, and uses of humour in medicine, Dr. Shonk highlights the application and use of humour in stress management, relationships, parenting and the aging process. He will show us how to bring more humour into our lives to make them a tad more bearable. All of this will be liberally sprinkled with lousy jokes that have been referred to as a "mirthful message" or a "chuckles checkup".

Dr. Shonk has been married for 54 years to the same wonderful woman, with three married children, and nine grandchildren. His past interests include basketball, hockey and slow-pitch baseball, while present interests include canoeing and camping and white-water canoeing including a couple of high Arctic trips.

### PORT HOPE AND BOWMANVILLE FISH LADDERS

The survival of many fish species depends on migration up and down rivers. A fish ladder, or fishway is a structure that allows migrating fish passage over or around an obstacle in the river, such as dams, locks and waterfalls. Most fishways enable fish to pass around the barriers by swimming and leaping up a series of relatively low steps (hence the term ladder) into the waters on the other side. The velocity of water falling over the steps has to be great enough to attract the fish to the ladder, but it cannot be so great that it washes fish back downstream or exhausts them to the point of inability to continue their journey upriver.

At the end of August my friend and I visited two fish ladders.

**Port Hope Fish Ladder** - on Cavan Street on the west side of the Ganaraska River, just south of the 401. This fishway is managed by the Ministry of Natural Resources including an underwater monitoring system which lets you watch the fish.

**Bowmanville Creek Fish Ladder** is south of King Street off of Roenigk Drive, then first left. This undertaking represents years of planning and fundraising and opened in 2013. A foot bridge was built over the bypass to allow visitors to watch and cheer the fish on as they journey up the channel.

Maureen McVarish

**THE PORT HOPE GANARASKA FISH EXPERIENCE**

- CORBETT'S DAM - FISH LADDER**  
The prime viewing location to witness the annual fish migration. Watch the salmon jumping up the fish ladder to head north and down.
- GREAT PHOTO SPOT**  
Reconquer down the walking trail alongside the river and you'll find some beautiful spots to stop and capture a memory.
- FISH POOLING LOCATION**  
Please use seasonal barometer to obtain the exact where.
- FISH CLEANING**  
Operated by the Ministry of Natural Resources.
- MARINA**  
Come or walk to the waterfront view the river.
- VISITORS' CENTRE**  
Have questions or need a full Hope visitor's centre.
- EXPLORE THE RESTAURANTS**  
Why not grab a bite to eat while you're in the area and enjoy the view? Check out the port.

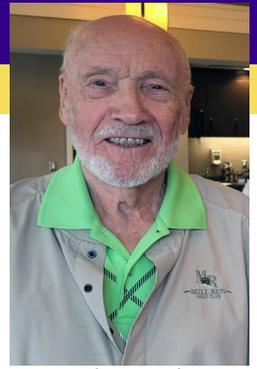

**The Bypass Channel**

The 34 metre Fish By-Pass Channel gives fish a safe passage around the dam structure to their spawning grounds. It includes four riffle pools, each a minimum of 10m or 30' and a top width of 2.5 metres. This natural, open-air design includes a permanent structure of concrete, limestone and gabions from 2007 construction.

The by-pass channel is constructed to replicate a natural, healthy stream environment with the following features:

- Open and a wide flow path - allows for the maximum flow rate to be able to accommodate the fish during the peak flow.
- Vegetation planted around the water and bank to provide shade and habitat and all which will provide fish eggs, moss and other organisms, providing a natural stream environment for the fish to eat.

**DO YOU REMEMBER?**

I can still see the palm trees waving  
as I stood down by the beach  
and the waves were rolling forward  
as they crash within my reach.

The white sand is almost blinding  
and it's hot between my toes  
and I can still taste the salty air  
as I breathe up through my nose.

Do you remember building castles  
with your little yellow pail  
and out a way from shore a boat  
was raising sail?

We covered you with lotion and  
a hat upon your head  
to keep away the freckles and  
your skin from turning red.

The sea gulls kept circling and  
calling to their mates  
as you threw bits of bread crumbs  
into mouths as big as gates.

As we walked along the sea shore  
near water clear as glass  
you filled your pail with sea shells  
more treasures for your stash.

I remember everything like it  
was yesterday  
and hope you share those memories  
of the times we spent at play.

And just like all the good things  
we pushed to make them last  
but the days of playing in the sun  
are just memories of the past.

### ROAST TURKEY BREASTS *submitted by Hetty Shapiro*

For two breasts (bone-in with skin):

#### Paste mix

- 10 crushed garlic cloves
- 2 tbsp paprika
- 2 tbsp mustard
- 1 cup ketchup
- 4 tbsp soy sauce
- 2 tbsp Worcestershire sauce
- Salt and pepper to taste

#### Gravy

- 1 can (1¼ cups) Ginger Ale
- ¾ cup undiluted frozen orange juice (defrosted)

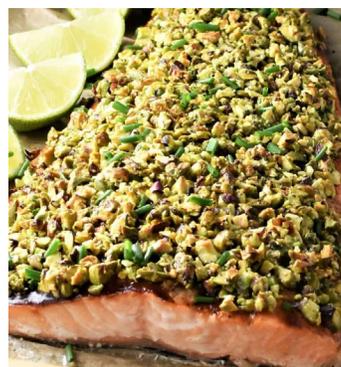

1. Remove skin on breasts and rub paste into turkey flesh.
  2. Replace skin (helps keep turkey moist).
  3. Mix ginger ale and defrosted orange juice and pour over turkey.
  4. Place bone side down and cook covered with foil @ 325°F for 2 hours or until tender.
  5. Garnish with orange slices.
- Note: Double paste mix for a whole turkey.

### PISTACHIO-CRUSTED SALMON *submitted by Nancy Hobart*

- 1½ lb salmon fillet
- Salt and pepper to taste
- 1 tbsp lemon or lime juice
- 2 tsp olive or avocado oil
- 2 tsp honey
- 1 tsp Dijon mustard
- 1 tbsp crushed garlic
- ½ cup panko or any breadcrumbs
- ½ cup crushed unsalted pistachios
- 2 tbsp grated parmesan cheese

1. Preheat oven to 400°F.
2. Place the salmon on a large parchment-lined baking pan. Pat salmon dry and season with salt & pepper.
3. In a small bowl, whisk together the lemon/lime juice, oil, honey, mustard and garlic. Brush the mixture evenly over the salmon.
4. In the same small bowl, combine the panko, pistachios and cheese and sprinkle onto the salmon gently pressing down.
5. Bake 10-15 minutes until salmon flakes when gently pressed with fork and is still moist. Albumin (that white stuff) oozes out of the fish when it's overcooked.
6. Garnish with quartered lemons or limes.

We are delighted to welcome new members Kelly Burk, Marie Genore, Victoria Trusdale and Edith Hehn-Murray.

Just a reminder that our membership fees have increased for the 2022/2023 year to **\$35.00** and are now due. The new member initiation fee remains at **\$30.00**.

### **How to Make an e-transfer to Ajax Probus**

You may now pay for memberships and social events by e-transfer.

**Once you have signed up for a trip or event and confirmed that there is a space reserved for you, you will be ready to do an e-transfer for payment. Please make sure that the Social Chair, Shirly Van Putten, is aware that you are paying by e-transfer.**

**You may also pay your annual membership by e-transfer, after you have notified the Membership Chair, Tom Rosebush that you are using this method.**

*Once you have followed the above instructions, you are ready to proceed:*

Please follow the procedure exactly. Each bank has a slightly different system, however the steps are the same, but may be in a different order.

- 1) Sign in to online banking.
- 2) Select Interact e-Transfer.
- 3) Select "Send Money" or whatever name your bank calls it.
- 4) Select the bank account from which you are sending money.
- 5) In the Amount field, enter the amount you are sending.
- 6) Enter the recipient: (each bank is slightly different in the way this works).
  - Select: Enter New Recipient
  - add the name: Probus Club of Ajax
  - enter the email address: [probusajxtreasurer@gmail.com](mailto:probusajxtreasurer@gmail.com) (double check to make sure the email address is exactly as above!!!)
- 7) **In the Comments box you MUST enter**
  - \*Your name ( and other names if it is for more than one person).
  - \* What the money is for. ***If you do not put anything in the comments, we will have no idea why you are sending the money!***
- 8) Double check everything is correct, especially the email address!
- 9) Go to next step – Review and Finish Transaction.

*Ajax Probus is using the safest method of e-Transfer which is Autodeposit, recommended by TD Bank. Once you hit send, the money will go directly to our account, and cannot be intercepted. (Passwords are not used in this method).*
